Respected Sir,

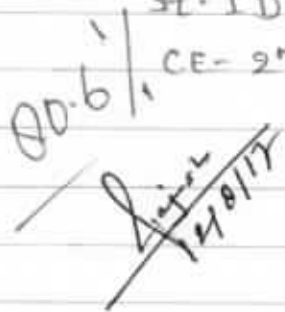

I want to inform you that I am the student of B.Tech 2nd year of Civil Engineering. I got the admission in this Institution and then counselling and got 50% of fee discount on the basis of rank.

Now I get 80% overall percentage in my first year with all subject clearly passed. Sir, please continue my discount in fee in 2nd year class so that I will manage it.

Sir, I hope that you will think about it and take any action so that I got my discount. I will be very grateful to you Sir.

Thanking you
Yours faithfully
