Subject :- 'Application for fee Concession.'

Sir,

I am a student of B.Tech, Computer Science branch - IInd Year. I have secured 74% weightage in the IInd semester. Last year, I was granted with some concession in my fees but this year there is no such concession provided. My father works at private sector and its difficult to pay such a large amount of fees. Moreover, the concession was being provided to me in the first year and I would be highly obliged if that continues till the rest three years of my B.Tech.

Thanking You.

Yours Sincerely,

Nidhi Singh
