Subject - Request to change hostel fee from the month of joining only

Respected Sir,

I respectfully submit that I am a student of your esteemed institution. I joined the hostel in the month of 4 December 2025

I kindly request you to please charge the hostel fee from the month of my joining only instead of charging for the entire academic years, as I did not stay in the Hostel before that period paying the full year's hostel fee.

It would be financially difficult for me. I hope you will consider my request sympathetically and grant me permission accordingly.

Thanking you

Your's obediently
