Respected Sir,

I want to state that, I am student of final year, from "SC" caste so that half fees from your total fees will be taken by scholarship & half will be paid by me.

The total amount of fees is 68000. I still, I had paid 20,000, I will clear my half fees amount after Dewali. I had not got scholarship in 2nd year as college rule half of the fees will paid by college & half fees will paid by me.

So kindly allow me to attend the class of final year.

Thanking you,
