Subject :- "Concession in the college fees!"

Sir

In the admission time we have suggested by college that my fee is concession in 30% every year if we find 75% in all year. But in B-Tech first year we get 74.45% then in my fee concessioned by CAO of siet 5000 rupees. and he was said if you get more than 75% in second year. your fee will concessioned of 30%.

So please concession in my college fee 30% because we get in second year 80.1%.

Thanks

Jitendra Tripathi
