

SECTION-1

Q.11.

Ans.

In my ~~own~~ my opinion is following the stages of solid waste management

(i) Generation:- When the solid waste ~~generate~~ ~~from~~ ~~house~~ and ~~industries~~, etc

(ii)

Storage:- The storage is the second stage of waste management and storage by ~~use~~ ~~door~~ ~~to~~ ~~door~~ ~~service~~

(iii)

Collection:- It is the third stage of solid waste management in which ~~the~~ ~~large~~ ~~no~~ ~~quantities~~ ~~solid~~ ~~waste~~ ~~collected~~ ~~the~~ ~~place~~.

(iv)

Disposal:- The last stage of solid waste management to dispose the waste in ~~landfill~~ or ~~water~~ ~~area~~.
