

Define Business Strategy. Write note on Just in time delivery in e-commerce.

In field of management, strategic management involves the formulation and implementation of major goals and initiatives taken by an organization's top managers on behalf of owners, based on consideration of resources and an assessment of the internal and external environments in which the organisation operates.

Just-in-Time Delivery.

JIT delivery is a supply chain inventory management technique that is designed to increase efficiency while decreasing waste by receiving products or materials only when they are needed.
