

## # Supply Chain in E-Commerce :->

-> Supply chain in E-commerce focusses on procurement of raw material, Manufacturing, and distribution of the right product at the right time.

-> It include managing supply and demand, warehousing etc to the customer.

## # Internet based EDI :->

-> The basic operation aspects of internet based EDI is simply to use already existing communication protocols available on the internet to Exchange EDI data.

-> for this reason internet based EDI used the SMTP (e-mail).
