Plus decision Making Model :->

-> plus decision Making Model is one of the most used and widely cited ethical models.

-> To create a clear and cohesive approach to implementing a solution to an ethical problem.

-> The model is set in a way that it gives the leaders "ethical filters" to make decisions.

-> These filters can even be applied to the process, so leaders have a clear ethical framework all along the way.

Characteristics of Plus Decision - Model

1. All decision must take into account the impact to all stakeholders.
2. Ethics always takes priority over non-ethical value.
3. It is okay to violate another ethical principle if it advances a better ethical climate for others.
4. Building trust and improve leadership communication by sharing regular updates and reasoning behind your decision.
5. Increase workplace satisfaction by improving transparency.
