

E-commerce.

- E-commerce, also known as electronic commerce or internet-commerce, refers to the buying and selling of goods or services using the internet and the transfer of money and data to execute these transactions.

E-commerce is often used to refer to the sale of physical products online, but it can also describe any kind of commercial transaction of goods and services.

E-commerce type

- Business to consumer (B2C)
- Business to Business (B2B)
- Consumer to consumer (C2C)
- Consumer to Business (C2B)

scope of e-commerce
E-commerce has bloomed over
the years and is one of
the fastest-growing domains
in the online world. Though
it took some time for
this to be accepted by
the end users, today we
are at a point where the
majority of the people
love to shop online.

There were numerous concerns
revolving around online
shopping at its launch,
but over years people
tend to have started
trusting e-commerce for
all their shopping needs.
