

Date.....

The activities of services of legal metrology are :-

- ① Control of measuring instrument.
- ② Testing of model of measuring instrument.
- ③ Examination of a measuring instrument to verify its conformity to the ~~statute~~ requirements etc.

Dynamic Metrology

Dynamic metrology is the technique of measuring small variations of a continuous nature. The technique has proved very valuable and a record of continuous measurement over a surface for jntanes, has obvious advantage over individual measurement of an isolated character.
