

~~Q1~~

Q1) Explain the four orders existing in nature? How are they inter-linked to one another?

Sol<sup>n</sup>

• All the four orders Material, Plants, animals & human have certain core values. These are also be called as their natural characteristics or swabhava.

• There is mutual fulfillment among four orders, these orders are:

(i) Material order: Most of the members of this order are non living thing, Also, various forms of energies like, sound, light, heat are part of this order. They can neither be created nor destroyed.

(ii) Plant/Bio order +

They comprise from single cell organism like fungi, algae to water plants & trees. They also provide nutrition to the animal & to the human order.

(iii) Animal order +

The member of this order are living things. They share many of the feature of the plant order. The natural characteristic of this order is that

they realize or they are aware of the fact that they exist the quantity of self therefore they have an intellectual faculty.

(iv) Human order :-

They are the most evolved species of the four orders. They are living beings & their natural characteristics are similar to the characteristics of the plant & the animal order.
