

Sec-3, Ans-2

The right understanding gained through self-exploration also enables us to identify the definitiveness of human conduct which may also be called the ethical human conduct. It is the same for all human beings. So we are also able to understand the universality of ethical human conduct which is in consonance with the universal human values. Accordingly, all debates and confusion about what is ethical for one may not be ethical for others etc. also lose their base. Let us now understand the salient features of this definite human conduct i.e. the ethical human conduct.

Each one of us wants to have a definite conduct but presently we may not be able to ensure that. This is because we are presently living on the basis of our pre-conditionings or assumptions which are not in consonance with the truth or the right understanding. But, this situation neither gives satisfaction to us nor to others. We do see the human being struggling to find out what the right conduct is and in the process, exhibiting a wide variety of attributes. We also see people debating endlessly about what they consider to be ethical. But unless we have the right

understanding, we are not able to identify the definitiveness of ethical human conduct. It can be understood in terms of the following:-

1. Values
2. Policy
3. Character.
