

Sec 4

① Activities not directed by
own natural acceptance
lead to conflict. validate
the state ment.

→ Effect of the problem
A conflict and contradiction
in 'I' as a result
of pre-conditioned desire
we have not verified
the desire, thought
and and expectations
in us on the basis
of our own natural
acceptance. As a
result, these desire
thoughts and selection
are in conflict.

The need of body are
physical in nature.
Whereas, the needs of
the self are not
physical in nature.
