

Q.2

Ans

Respect:-

1. Respect means accepting individuality and doing right evaluation (to be evaluated as I am). Instead of respect being a basis of similarity or one of right evaluation, we have made it into something on the basis of which we differentiate. i.e., by respecting you mean you are doing something special because you are special or have something special or are in some special position.
2. That all of us are running around seeking respect from one another by trying to become something special.
3. Today, we are differentiating in the name of respect. we either differentiate people on the basis of their body, on the basis of their wealth on the basis of their beliefs.
4. on the basis of body.
  - i) sex/gender.
  - ii) Race.
  - iii) Age.
  - iv) Physical strength.

5 on the basis of physical facilities:

i) wealth

ii) Post

6 on the basis of beliefs.

① 'Isms' :- 'Ism' means any belief in terms of a thought-system that we have or that we have adopted. There are also many modern 'isms' such as capitalism, socialism, communism, etc.

② Sects! People of one sect only consider those with a similar belief system to be their 'own' and worthy of respect. Following a particular tradition or with we all as religion, become the basis of respect and disrespect in relationships.
