

SECTION-1

Q.3

Ans.

The aggregate of all the mutually interacting units - big or small sentient or insentient together can be called nature.

2. These units are infinite in number and we could easily observe that there exists a dynamic balance, self regulation among all these units.

Natural harmony is necessary for the following reasons:

1. Natural harmony is necessary to solve the problem of global warming and depletion of non-renewable natural resource can be avoided.
2. It is possible to achieve natural harmony in the establishment maintenance and management of educational institution like schools - colleges and universities.
3. One can understand the depth of harmony and alignment in natural by contemplating and reflecting upon the natural order.
