

## SECTION- 4

Ques-1

Ans) One must compare and contrast the consciousness of human and animal and the intent of the questions is to appear appreciate the superiority of human discussion.

Explain:- Clarify the topic by giving a detailed account as to how and why it occurred, or what is the particular context you must be defining key terms where ever appropriate, and substantive with relevant associated facts.

The topic of animal consciousness is beset with a number of difficulties. It does the problem of other minds in an especially severe form because animals, lacking the ability to use human language, cannot tell us about their experiences. Also, it is difficult to reason objectively about the question, because a denial that an animal is conscious is often taken to imply that it does not feel, its life has no value and that harming it is not morally wrong.
