## SECTION-5

1:-

FINANCE IS THE LIFE BLOOD OF  
INDUSTRY:-

Yes, Finance is the life blood of industry because finance is the master key that provides access to all the sources for being employed in manufacturing & merchandising activities.

The success of an organization largely depends on efficient management of its finance. A business's working capital is the amount in liquid assets to a company has available to build its business. The number can be positive or negative depending on how much debt the company is carrying.
