

Q.2 → Explain the term e-commerce and e-governance with the reference to information technology act 2008.

Ans → e-commerce :- An act to provide legal recognition for transactions carried out by means of electronic data interchange and other means of electronic communication, commonly referred to as electronic commerce.

e-governance :- e-governance is the application of technologies to transform the efficiency, effectiveness, transparency, and accountability of informational and transactional exchanges within government, between government, agencies of national, state, municipal, and local levels, citizen and businesses, and to empower citizens through access and use of information.

Objective of Electronic Governance

- (1) Build services around citizens' choice.
- (2) Make government more accessible.
- (3) Facilitate social inclusion.
- (4) Provide information responsibly.
- (5) Use government resources effectively.
