

Section-5

Ques) What is the coefficient of standard deviation? discuss the guideline for report writing.

As

The coefficient of variation represents the ratio of the standard deviation to the mean, and it is a useful statistic for comparing the degree of variation from one data series to another, even if the means are series to another, even if the means are drastically different from one another.

Eight guidelines for report writing are:-

- ① Know your purpose.
- ② Know your readers.
- ③ Know your objectives.
- ④ Choose an approach.
- ⑤ Decide on structure.
